

TRIDEM PONY PUP

MODEL: RC1700

TRAILER FEATURES

HOIST

The external Hyva mounted hoist minimizes material hang up.

CROSSMEMBERS

Engineered laser cut flared end crossmembers increase torsional twist strength making the trailer much more stable.

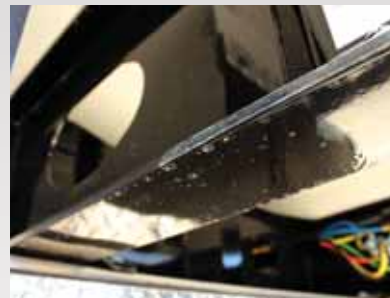

HITCH

The clean spill pole reduces material buildup when dumping truck box, ultimately saving operator time.

FRAME

We use a 110,000 PSI tensile frame flange AND web, while the majority of other trailers only use high tensile flanges.

BOX DESIGN

We use a radius 12 box design which decreases material build up and saves you time by not having to clean out the box after every load.

BUMPER

Our pony pup is standard equipped with a narrow width paver style rear bumper & frame mounted tow hooks should you ever need a tow.

SPECIFICATIONS

MODEL	RC-1700
LENGTH	29'3"
WIDTH	8'6"
OVERALL HEIGHT	Top of sideboards: 100"
BOX LENGTH	16'4"
SIDE WALL HEIGHT	38.75"
CAPACITY	17 cu. yd. with 2" x 6" sideboards
BOX	<p>Radius style box design</p> <p>400-500 brinell - 200,000 tensile strength steel body construction</p> <p>50" h front box bulkhead with aluminum checker plate rock guard</p> <p>Formed rectangular top rail with flush mount sideboard brackets</p> <p>42" h sloped tailgate c/w spreader chain slots</p> <p>Electric over air operated tailgate trip mech</p> <p>Adjustable steel trip hook assembly</p> <p>2" Hi-tensile tipping pin w/ (2) grease points</p> <p>2" x 6" finished spruce sideboards</p> <p>Ladder located on left sidewall</p>
FRAME	<p>Fully fabricated Hi tensile steel main rails</p> <p>Engineered laser cut flared ends crossmembers</p> <p>12,000 lb. crank down dolly leg (designed to support empty trailer)</p> <p>Narrow width rear paver style frame bumper & frame mount tow hooks</p> <p>Full width aluminum smooth rear mounted light panel</p>
HITCH	<p>Clean spill draw bar hitch</p> <p>Premier heavy duty low profile pintle eye</p> <p>3 ton safety hooks & 1/2" safety chains</p>
HOIST	<p>Outside mounted 156"-157"</p> <p>Four stage telescopic hoist</p> <p>Single line system hydraulics: power up, gravity down</p>
SUSPENSION	(3) 30,000 lb. air ride suspension
AXLES	(3) 25,000 lb. axles @ 77.5" track
BRAKES	<p>16 1/2" x 7" Q Plus quick change brakes c/w non asbestos lining</p> <p>Automatic slack adjusters & parking brakes on all axles</p> <p>Parallel axle bearing system & Stemco HP seals</p> <p>Meritor WABCO 2S/1M ABS</p>

HUBS & DRUMS	10 stud steel piloted parallel hubs & out-board cast drums
WHEELS	10 stud pilot mounted 8.25 x 24.5 steel disc wheels - silver
TIRES	11R-24.5, on-off road radial tires
ELECTRICAL SYSTEM	<p>Electric over air solenoid air dump & liquid filled weigh gauge</p> <p>LED shock mounted sealed lamps</p> <p>Integrated harness system</p> <p>Stop, turn, tail & ID lights are installed in rear of chassis</p> <p>Front & side marker lights & midway turn signal lights mounted on dump body</p>
FENDERS	Full box length aluminum checker fenders mounted on the box lower sidewall
MUDFLAPS	Standard equipped full mud flap package
LOAD COVER	Michel's Dura-Flip mesh load cover c/w chain driven side winder
FINISH	<p>Sandblasted, primed, & painted with PPG urethane paint</p> <p>Sideboards to match trailer chassis</p> <p>Safety tape applied as per regulations</p> <p>Document holder installed on frame side rail</p>
WARRANTY	<p>1st year - 100% parts & labour</p> <p>2nd year - 50% parts & labour</p> <p>3rd to 5th year - 50% parts only</p>

OPTIONS

- Square box in lieu of radius 12 box
- Tandem axle configuration
- **TUFF LIFT** axle lift system
- Aluminum wheels, hubs and Centri-Fuse drums
- Michels Gravel Guard retractable load cover
- Electric drive on load covers
- **Quick-Slide** UHMW box liner
- Air Weigh scale system
- Sealed tailgate and hazard safety locks
- High lift tailgate & hinge point

Product improvement is an ongoing process. The manufacturer reserves the right to change any specifications or components on any or all products without prior notice and is under no obligation to undertake modifications to units manufactured to prior changes in specifications.
