PLASTIC UHMW BOX & HOPPER LINERS

Our one-piece Quick-Slide box and hopper liners provide an even flow and work for dirt, clay, sand, gravel, stone, snow, salt, compost, fly ash, fertilizer, silage, or feed. Sticky, wet or frozen loads mean wasted man-hours, possible equipment damage and unsafe working conditions. Our heavy duty liners are manufactured from Ultra High Molecular Weight Polyethylene (UHMW-PE). This tough plastic liner is designed for heavy duty applications.

GINCOR SUPER B FLAT DECKS

This trailer was engineered with the rugged Canadian terrain in mind. It is light enough to efficiently pull on the highway, yet has the strength to withstand off-road environments. Whatever your application, this trailer can provide you with a hauling solution.

Contact Sales at 780-962-9100 for more info.

GINCOR STEP DECK MACHINERY TRAILERS

This is the ultimate machinery hauling trailer. Rear air ramps are lowered by a pneumatic cylinder rather than the commonly used expansion spring, which means safer operation when lowering the ramps to the ground. A full width air ramp at the front of the lower deck allows for additional loading on the top of the deck.
