Celebrating 50 Years of Keeping You on the Road

2025 marks 50 years in business for Hayworth Equipment Sales, and we couldn't have reached this milestone without the incredible support of our customers, employees, and industry partners. Since opening our doors in 1975, we've grown from a small family-run operation into a trusted name in truck and trailer sales, service, rentals, and parts across Alberta. Through every challenge and success, one thing has remained the same—**our commitment to providing honest, reliable service and practical solutions that keep you moving.**

SERVICE CENTRE

KEEPING YOU ON THE ROAD & AT WORK

DUMP BODY RIG UPS

We are known in the industry for our quality dump body rig up services. Our shop is well equipped, and our technicians are experienced in mounting dump bodies on a wide variety of truck makes and models. You can either purchase the dump body from us or we can just handle the installation, the choice is yours.

How it works:

1. Get in touch with our service department to discuss your needs. Once we are clear on what you need, we'll provide you with an estimate.
2. Upon approving the estimate, your unit is scheduled in and given a dedicated bay in our shop.
3. Rig up services start! Depending on the extent of work required, rig ups can take anywhere from 2 to 4 weeks.

TAILGATE SEAL KITS FOR GRAVEL BOXES

Prevent contamination and leakage with our tailgate seal kits. A properly sealed tailgate prevents material loss, reduces dust and debris, and ensures compliance with regulations. Our expert technicians will install a high-quality seal to keep your end dump trailer performing at its best.

Installed starting from \$1997

LINERS: HEAVY-DUTY SOLUTIONS

Our one-piece Quick-Slide box and hopper liners are designed to handle it all—dirt, clay, sand, gravel, stone, snow, salt, compost, fly ash, fertilizer, silage, or feed. Made from Ultra High Molecular Weight Polyethylene (UHMW-PE), these liners are built for the toughest jobs, ensuring an even flow every time.

DECKING

1 5/16" fir ship lap & linseed oil treated.

CENTER BRIDGE

Aluminum walking deck with left & right side steps for easy access.

TWO-SPEED LANDING GEAR

This trailer is equipped with Holland Mark V two-speed landing gear, which has a static load rating of 120,000 lbs.

FRAME

100,000 psi high tensile steel is used for the flange and the web, making this a strong trailer with a long service life.

LOAD SENSING AXLE LIFT SYSTEMS

Tuff-Lift load sensing lift assemblies on the 1st, 2nd, and 4th axles adjust tire contact based on load weight, cutting fuel costs, extending tire life, and reducing maintenance expenses.

Premium Features, Affordable Price

Discover exceptional value and advanced features with our Gincor Super B Flat Deck Trailers, a cost-effective alternative to other well-known super b flat deck brands. Manufactured with precision and equipped for optimal performance, these trailers stand out with their robust design and budget-friendly pricing.

FRAME STRAIGHTENING: RESTORE YOUR INVESTMENT

Turn a written-off truck or trailer back into a money-maker. Our JOSAM Frame System and expert frame specialists make us one of the few shops that can deliver exceptional frame and axle straightening work. Even other shops trust us with their customers' equipment.

TARP INSTALLATIONS

Save time and let our qualified technicians install your new tarp system. We offer a variety of different tarp kits, from flip tarps to retractable tarps, to suit your specific needs. Contact our service or parts department at 780-962-9100 for an installation quote.

WELDING & FABRICATION: CUSTOM SOLUTIONS TO FIT YOUR NEEDS

From small repairs to custom fabrications, our welding team has you covered. We work with aluminum, stainless steel, and high carbon steel, offering both repair and custom manufacturing solutions tailored to your specific needs.

RE-DECKING: RESTORE YOUR DECKING

Is your decking rotten, splintered, or worn? Our team will handle the re-decking process for you, ensuring your equipment is safe and reliable.

WHEEL ALIGNMENTS

Proper wheel alignment can extend tire life by 15-20%, improve fuel efficiency, and reduce wear on mechanical components—all while enhancing safety and driver comfort. Everyday factors like road conditions, loads, and speed bumps can throw alignment off, costing you money.

We provide laser-precise alignments for tandem and tridrive trucks as well as tandem and tridem trailers. Our specialists ensure your entire vehicle and trailer are correctly aligned, not just the axles, for optimal performance.
